

Nido #2 - Infant Daily Schedule

Walking Infants to 24 Months

Diaper changes are routine as the child is soiled. Breast feeding parents are free to come and feed whenever possible. Each child's unique natural biological rhythms are observed and respected as he or she goes about the daily work of self-creation; creating the person within the child.

Time	Activity Description
6:30-9:00	The children arrive; warm greetings are given to the child and to the parent. Then the well check is conducted.
9:00-9:30	Morning Snack and Diaper changes.
